1. Your Gemstone Recommendation

Finding: The recommended gemstone is **Diamond (हीरा)**, associated with Venus.

Astrological basis: Venus is identified in your chart as the supportive planet. It rules your Libra Ascendant and is placed in the 7th house in Aries.

Practical meaning: Diamond is intended to support Venus-related areas of your chart, especially personal balance, relationship dynamics, and your ability to present yourself with clarity and steadiness.

2. Why This Planet Matters

Finding: Venus matters because it directly connects with both your identity and your close partnerships.

Astrological basis: Your Ascendant is Libra, whose lord is Venus. Venus is placed in the 7th house, while the 8th house is also ruled by Venus because its sign is Taurus.

Practical meaning: Strengthening the supportive Venus influence is relevant to self-development, one-to-one relationships, shared responsibilities, and handling deeper changes with greater balance.

3. Relevant House/Lord Evidence

Finding: The strongest evidence for Venus comes from its connection with Houses 1, 7, and 8.

Astrological basis: House 1 is Libra, and its lord Venus is placed in House 7 in Aries. House 7 is Aries and contains Venus; its lord Mars is placed in House 6 in Pisces. House 8 is Taurus, and its lord Venus is placed in House 7.

Practical meaning: Venus links personal identity, partnerships, and deeper personal or shared matters. The Diamond recommendation therefore has a specific chart connection rather than being a general gemstone choice.

4. Current Dasha Context

Finding: The current period does not replace the Venus recommendation, but the timing gives additional context.

Astrological basis: You are currently in Mercury Mahadasha and Mercury Antardasha from 2025-07-01 to 2027-11-28. The upcoming Mercury-Ketu period runs from 2027-11-28 to 2028-11-24, followed by Mercury-Venus from 2028-11-24 to 2031-09-25.

Practical meaning: Venus becomes especially time-relevant during the upcoming Mercury-Venus period. The fixed recommendation remains Diamond, while the dasha sequence indicates a later period when Venus themes may receive more attention.

5. Primary Gemstone

Finding: The primary gemstone is **Diamond** (हीरा).

Astrological basis: Diamond is the gemstone associated with Venus, the supportive planet identified for your chart. Venus rules the Libra Ascendant and is placed in the 7th house.

Practical meaning: Diamond is intended to support a more balanced expression of your identity, your close relationships, and your approach to partnership-related decisions.

6. Substone / Alternative

Finding: The supportive substone alternative is **White Zircon** (सफेद ज़िरकन).

Astrological basis: White Zircon is the alternative specified for the same supportive Venus recommendation.

Practical meaning: White Zircon provides a practical alternative when you prefer not to choose Diamond or when Diamond is not accessible.

7. What This Recommendation Is Intended to Support

Finding: This recommendation is intended to support balance in personal expression and close relationships.

Astrological basis: Venus rules your Libra Ascendant, is placed in the 7th house, and also rules the Taurus 8th house from its placement in the 7th.

Practical meaning: The gemstone may be used as an astrological support for relationship awareness, cooperation, personal presentation, and steadier handling of shared or changing circumstances. It is a supportive recommendation, not a guarantee of specific outcomes.

8. Gemstones Not Independently Recommended

Finding: Gemstones for other planets should not be self-selected from unrelated sources.

Astrological basis: This recommendation is based on the specific chart connections and the supportive-planet calculation provided for you.

Practical meaning: Keep the choice focused on Diamond or its specified alternative, White Zircon, rather than adding other planetary gemstones without the same chart-specific analysis.
